- Modern Indian/global enterprise brand
- White/ivory backgrounds
- Deep charcoal typography
- Forest green primary accent
- Warm orange secondary accent
- Subtle gradients and soft shadows
- Premium rounded cards with fine borders
- High-quality realistic photography
- Organic leaf-inspired visual elements
- Generous whitespace and strong visual hierarchy
- Smooth scrolling and subtle professional motion
- Avoid excessive colors, childish illustrations, generic templates and overly rounded app-style UI

Secondary: #F47A20 — Innovation Orange

Dark: #101820 — Charcoal

Background: #F8F8F5 — Warm Off White

Use green mainly for sustainability and brand identity. Use orange selectively for CTAs, highlights and active states.

TYPOGRAPHY

Use Inter, Manrope or Plus Jakarta Sans. Use bold/semi-bold large editorial headings and clean readable body text.

NAVIGATION

Create a clean sticky navigation bar.

Left: Uzhavan Innovations logo.

Center: Home, About Us, Our Businesses, Sustainability, Careers, Contact.

Right: Search icon and “Get in Touch →” premium pill button.

On scroll, the navigation becomes subtly translucent/glassy.

HERO SECTION

Create a visually impressive full-width hero.

Eyebrow:

PEOPLE | PRODUCTS | A BETTER TOMORROW

Headline:

“Four Industries.

One Vision.”

Make “One Vision.” green.

Supporting text:

“At Uzhavan Innovations, we combine the strength of tradition with the power of innovation to build sustainable businesses for a better tomorrow.”

Buttons:

“Explore Our Businesses →”

“Watch Our Story”

Right side: create a premium multi-industry botanical composition using four organic leaf-shaped image panels:

- Mat Industry — premium manufacturing/workshop
- Areca Leaf Plates — natural areca plates and green leaves
- Food Oils — premium edible oil imagery
- IT Solutions — modern software/technology imagery

Merge the four visuals into one elegant leaf composition with subtle sunlight and environmental imagery. Add:

“Innovation for a Greener Tomorrow”

02 Areca Leaf Plate Manufacturing — “Nature’s plate for a cleaner planet.”

03 Food Oils Manufacturing — “Pure oils. Healthier lives.”

04 IT Solutions — “Technology for a smarter tomorrow.”

Each card has “Explore →”.

Hover: subtle image zoom, card lift, green border and arrow movement, with smooth 300ms transitions.

Use a two-column premium layout.
